

## MWA Learning Event

### Tools, Trade-Offs, and Takeaways: Exploring Practical Applications of AI for Water Security

Convened by the Millennium Water Alliance, The Water Project, World Resources Institute, The Aquaya Institute, and Baobab Tech, this virtual event will explore practical examples of how artificial intelligence (AI) is being applied across the water security sector. Through several case studies and a panel of experts, speakers will share how organizations are designing, testing, and applying AI-enabled solutions as well as discuss key lessons, limitations, and ethical and environmental considerations.

Tuesday, April 14

9-10:30 AM EDT /  
1-2:30 PM UTC
